OBJECTIVE

Aspiring Java Full-Stack Developer with skills in Core Java, OOPs, Spring Boot, JDBC, and Data Structures & Algorithms. Passionate about solving real-world problems, writing scalable code, and building interactive applications.

EDUCATION

B.Tech in Computer Science & Engineering	2022 – Present
Punjab Technical University, Punjab	GPA : 8.23/10
Class XII (Science)	2020
Bihar School Examination Board, Patna	83.4%
Class X	2018
Bihar School Examination Board, Patna	71.8%

SKILLS

Programming	Core Java, OOPs, HTML, CSS, JavaScript
Backend	Spring Boot, Collections, Exception Handling, Multithreading
Database	JDBC, MySQL, SQL Queries
Frameworks/Tools	Hibernate, Thymeleaf, React.Js, Git & GitHub, IntelliJ IDEA, VS Code
Problem Solving	Data Structures & Algorithms (LeetCode 150+ problems)
Soft Skills	Quick Learner, Team Player, Time Management

PROJECTS

Smart Contact Manager — *Spring Boot, Thymeleaf, MySQL, Hibernate, Spring Security* 2025
- Built a secure full-stack contact manager with login/registration, role-based access, and responsive UI.
- Integrated MySQL using Hibernate; optimized queries for 30% faster data access.

Obys Agency Clone — *HTML, CSS, JavaScript, GSAP, Locomotive Scroll* 2024
- Cloned Obys Agency website with pixel-perfect UI and smooth animations using GSAP.
- Implemented modern effects with Locomotive Scroll, achieving 95% layout accuracy.

Hospital Management System — *Java, JDBC, MySQL* 2023
- Console-based hospital management system handling patients, doctors, and billing.
- Applied OOPs concepts; managed 200+ records with 90% data accuracy using JDBC.

EXPERIENCE & ACHIEVEMENTS

Developed academic and personal projects using Java, JDBC, MySQL, and Spring Boot.

Cloned live websites focusing on animations and UI accuracy.

Solved 150+ LeetCode problems (earned Monthly Streak & 50+ Days badge).

Attended Java & Web Development workshops and participated in coding activities.

Represented college in cricket tournaments.
